PRAY.

- Building Project:** Pray for the church's various ministries, and pray that God will lead and build up the church to bring out the ministry to the city and community.
- February Mission Prayer:** - Pray for S&S Thank God for this chance to return to C Country - it's been 5 years. Pray that during this visit, they will be able to hear God direction, and have his agenda. Also, for his leading during their time there.
- Members:** (1) Pray for **Mai** that she is diagnosed with breast cancer and suffering from serious pain in her backbone causing inconvenience in movement. May God be near her in the time of weakness and pain, sustain her by grace and provide good treatment to heal her. (2) **Mr. Sun (William Tang Po Sun)**, our brother, passed away on Thursday (Feb 13) in Hong Kong. May God embrace Sun's grieving family and find solace in God's constant presence.
- Community:** Let us thank God that there were no deaths and only one hospitalization after the Delta plane crash in Toronto.
- World:** As Israeli forces continue to displace refugees on the West Bank, pray for the civilian families being displaced, and that God would be close to those who continue to suffer in the midst of conflict.

FAMILY NEWS.
